ABOUT US

In 2019, the vision and concept for Pillar Staffing Solutions was created. The founders, Barin and Bria Butler, spoke of the impact that PSS would have on the people of San Bernardino.

Through volunteering in the community with their church, they saw first hand the struggles and needs of the people. They wanted more for their lives but lacked opportunities. This motivated Bria and Barin to establish Pillar Staffing Solutions.

Pillar's goal is and always will be to invest in people far beyond the workplace. Helping them be successful in every area of their lives, so that they become the pillars that affect change in their communities.
